

## SHARE THE WEALTH

Share the wealth activities are ways to share the treasure you find on your hunt with others around you.

- 1. Post the pictures you took on your treasure hunts and share them with friends, family and others to encourage them with the treasure that surrounds us all. Encourage them to take their own treasure hunts.
- 2. Invite someone to join you for your movie night. (Physically or virtually, as appropriate.)
- 3. Use your sidewalk or driveway to display encouraging messages of hope. Or place encouraging signs in your yard.
